to Present Day  
Health Problems**

## Nandan™ SAFED MUSLI – AN INTRODUCTION

Nandan Agro Farms is the Discoverer of this valuable herbal Plant called Safed Musli; having Pronounced Medicinal Properties. Safed Musli is a valuable gift from the nature to mankind. Safed Musli is a native Indian plant with peerless healing and health-giving properties.

The particular and enormous potential of Safed Musli lies in its proven prowess as a safe herbal alternative to chemical-based Viagra, which is known to have certain side-effects. Mainly the tuberous roots are used in the preparation of medicines. In many parts of this country, people

Safed Musli

are given to the habit of taking a spoon of Safed Musli along with milk, twice a day as a part of routine healthcare. Dry Safed Musli mainly contains carbohydrates, proteins, fiber, saponin and alkaloids. The saponin and alkaloids present in the plant are the primary source of its significant medicinal properties.
